

Hillclimbing championship makes the grade

Rider makes the first hill as spectators watch

The first annual Canadian National Hillclimbing Championship in Wilberforce Sunday, was more successful than organizers had dreamed.

According to Bill Thomas, owner of Wilbermere Resort, the crowd was estimated to be 3,000. "We thought if we got anybody to come out the first year, we'd be lucky," Thomas said Tuesday.

Thomas, along with John Williams, Canadian Champion hillclimber, created the 400 foot hill that challenged motorcycle drivers from Canada and the United States.

The organization of the event was rushed, but with the help of many organizations in the community, it "came off without a hitch", Thomas said. The police reported that the event was well-controlled, the resort owner added.

With the success of the event, Thomas said plans are underway to organize similar events in the spring and autumn, next year. An open motocross track and four-wheel drive course are also planned for the site, just west of Wilberforce.

The hill, which was soft this year, will be harder and probably more challenging next year, Thomas commented. The hill went up in three stages, with two comparatively short but steep climbs and then an almost vertical climb to the peak of the hill. Men were at strategic points along the hills to get unsuccessful riders and their motorcycles off the hill safely.

Spectators were given an entertaining show as most riders made the climb spraying sand in high rooster tails.

Twelve motorcycle riders, along with their ninefoot, nitro-fuelled motorcycles, challenged

Donate a tree

Dysart et al offers maple, ash

Dysart et al is offering local citizens a chance to plant a tree in their name or the name of their family in any public location within the municipality.

Anyone wishing to donate a tree to be planted around Haliburton's Main Street, Head Lake Park, Evergreen Cemetery, Rotary Beach or any other public location, can purchase one for \$150.

Species available are Norway Maple, Schwedlerie Maple, Crimson King Maple, Emerald Queen Maple, Silver Maple or Mountain Ash. The trees have a three to four inch trunk diameter and are 12 to 15 feet high.

The Dysart et al municipal office should be contacted for further information.

Car damages salon, hurts owners, clients

A car smashed through a hairdressing salon in Minden, Saturday morning, but luckily none of the employees or clients were injured seriously.

Lavina Curtiss, 70 of Erie Pennsylvania, was backing out of a parking space in front of Mabel's Cut and Curl when the rear of her car touched a hydro pole on the opposite side of the street. The driver put the car in forward and crossed the road, where it grazed a parked car and then drove through the salon, to the back wall.

Four Minden residents inside the building, Mabel Clendenning, 32, Jeanette Riches, 22, Susan Hewson, 24, and Ethel Sinclair, 72, were taken by ambulance to Minden Hospital. They were treated and eventually released.

Curtiss and her passenger Dorothy Waidley, 74 of Erie Pennsylvania, were uninjured. The 1975 car they were riding in received \$250 damage as did the parked car that was grazed.

The hair salon was estimated with \$8,000 damage.

Echo office will be open Labour Day

The Echo office, in Haliburton Village, will be open for business, Monday, September 6.

Regular deadlines of Monday at 5 p.m. for classified advertisements will apply.

The Echo staff hopes all residents and vacationers in the Highlands have a safe, enjoyable Labour Day weekend.

Two incumbents announce fall election plans

With municipal elections more than two months away, election fever has hit Stanhope Township.

Rumblings of possible candidates considering nominations have been prevalent in most area municipalities and now two present councillors in Stanhope have announced their intentions for the fall election.

Councillor Harry Davis, a six-year veteran of municipal politics, intends to run for the position of reeve. Present reeve Jim Harrison plans to step down from the public seat at the end of this term.

Davis said the position of reeve is consuming more time every year and he thinks he has the time necessary to complete the job satisfactorily.

Davis also said he would like to play a larger role "in maintaining the same level of efficient municipal government".

Elgin Stouffer, who has retained the position of deputy-reeve for the past four years, plans to run for the same seat again this fall.

Six families upset by gun shots Local residents want County Marksmen's Club range moved

At least six families living in the vicinity of the Haliburton Marksmen's Club property want the gun range closed.

At the regular meeting of Anson, Hindon and Minden council last Wednesday evening, Bill Carrell, representing the six families, and Doug Tedford, president of the marksmen's club, discussed the matter with council.

Carrell said the noise from shots fired at the range infiltrate his home, which is located three-sixteenths of a mile away. Although hours have been reduced at the range, Carrell said the only satisfactory solution is to move it. No shooting is allowed on Fridays or Mondays and is restricted from 12 noon to 4 p.m., Saturday and Sunday and does not commence until 8 a.m. weekdays.

"It's coming into our homes," Carrell told the councillors.

Tedford said the club ex-

back stop and no houses exist in the direction shots are fired.

Tedford said it would be difficult to find another location that would be as suitable as the township gravel pit to establish another range. He also said the club did not have the finances to purchase land if the township withdrew the club's rights to the land.

Carrell was concerned the club had not lived up to its agreement to lease the gravel pit from the township. He said in the three years, that the range had existed, the club had not paid its \$1 annual fee, until August 25 when \$5 had been paid. This was only a few days after Carrell had complained about the noise.

Township clerk Elinor Burke said Tuesday, that it was not uncommon that the \$1 fee had been overlooked by a local club. Since the fee is so small, the municipality does not send an invoice to

Carrell said the club had leased the land to use as a range for small arms but according to an explanation he had received from the solicitor general's office, club members were not using small arms. After a telephone conversation with the

government office, Carrell said he understood hunting rifles were not small arms.

Tedford said definitions the club had obtained, included the rifles and shotguns that are used by shooter at the range.

Carrell suggested a clear

definition of small arms should be obtained and council agreed.

The reeve, Lloyd Walker, also suggested the Ministry of Natural Resources be contacted to discover if an alternate site for a range could be found in the area.

Terry Fox Run pledge sheets available

The second annual Terry Fox Run will be held in Haliburton Village, Sunday, September 19.

The 10 kilometre run is sponsored across Canada to raise money for the Cancer Society, in memory of marathon of hope runner, Terry Fox, who died of cancer last year.

During the first run, local runners and those who pledged donations, raised \$5,825. Approximately 250 people participated in the run.

Although it is advertised as a run, participants can walk the mileage.

This year the route has been changed as last

year's included a number of hills that made running more difficult.

Participants will leave the government dock in Haliburton Village at 1 p.m., travel along county road one and then county road 18 to the Haliburton Highlands golf course and then return along the same route.

The local senior citizen's club will provide refreshments for the runners along the route.

Pledge sheets for the run are available now at Mike's Milk and Becker's stores in Minden and Haliburton.

Wild water returns to the Minden White Water Preserve this week-end. Kayakers will brave the cool water for the chance to take home the Pan Am

championship title. The competition begins Saturday at 9 a.m. and runs until 4 p.m.

Shoot out ... page 4

executive had met with Carrell in an attempt to make a compromise and had reduced the hours of shooting but he felt the local residents just wanted the range closed. He said the range was safe as a 25 foot sand hill is used as a

any club that has a similar agreement with the township.

Club president Tedford said he thought \$10 had been paid to the municipality when the agreement was signed but when the club

Metric pricing coming to Haliburton area

Haliburton area food stores are scheduled to convert their scales to weigh food in grams and kilograms during the first half of September, according to the Metric Commission Canada.

The conversion is part of the national changeover from Imperial to metric measurement that began in 1971.

Shoppers have bought pre-packaged food in metric units for several years, but now, in the last stage of conversion to metric measures of all kinds, items that are individually weighed in stores will be purchased on a metric basis.

Items affected include meat, poultry, fish, cheese,

fruit, vegetables, nuts and candy. To make this possible, scales in all local stores will be changed to metric during the conversion period in this area.

From the starting date of conversion in this area, grocery advertising will show prices by both metric and Imperial units, but under the provisions of the Weights and Measures regulations, advertising stating both prices will be allowed until the end of December 1983. After this date metric units will be used exclusively.

Information pamphlets and posters will be available in the stores to help shoppers adapt to metric units.

A,H,M holds August council

Two petitions accepted at regular council meeting

The regular council meeting of Anson, Hindon and Minden was held last Wednesday.

The minutes of the meeting held August 11, 1982 were adopted as circulated.

Bill Carrell, resident on Lot 13, Concession A of Anson Township presented a petition to Council regarding the noise from the shooting range directly behind his home. Doug Tedford from the Marksmen Club was also present. The Clerk read the agreement which was authorized on May 23, 1979 between the Haliburton County Marksmen Club and the township. The agreement dealt with small arms and the Clerk was directed to obtain a definition of "small arms". Also the Reeve agreed to contact the local Ministry of Natural Resources regarding a possible suitable alternate site for the shooting range.

Don Mintz was present to request Council's permission to operate a custom wood products industry from property in part of Lot 3, Concession 6 of Minden Township. The Municipal Law Enforcement Officer was directed to inspect the building and zoning to de-

termine if the proposal complies with all regulations.

Dave Ranson presented a petition to council against the development of the concession allowance and carry in boat launch on Big Bob Lake. Council agreed to approach Lutterworth township with respect to installing a boat launch at the South end of Bob Lake on a cost sharing basis to reduce the heavy use at the present site.

Further to a letter from Sid Stamp Fuels Ltd. requesting permission to lease or purchase a portion of the original road allowance, Council agreed that a 20 year lease be prepared at no cost to the township for Sid Stamp Fuels Ltd. to lease 33 feet of the road allowance between Lot 2, Concession 3, Township of Minden for \$50 per year with a statement that Stamp renegotiate the consideration at the end of 10 years.

Council had no objections to the Terry Fox day run and community picnic being held in the Minden Fairgrounds on September 19 providing the grounds are left in a tidy condition.

Council accepted the ten-

der in conjunction with the Provincial County of Haliburton, of Domtar Chemicals Group to supply 100 tons of salt at \$27.59 per metric tonne and that of J.A.C. Kernohan Construction to screen 3000 cubic yards of winter sand at \$57.50 per hour.

Council agreed in principal with the severance proposal for property in Part Lot 18, Concession VIII and Part Lot 18, Concession VII for the Township of Minden providing that policy #6 and all municipal conditions are complied with.

The reeve and clerk were authorized to endorse the following deeds to correct occupational limits within Plan 357. Part 5 on RD Plan 19R-2474 to Duncan Robert Loney; Part 6 on RD Plan 19R-2474 to Peter and Genevieve Garnick; Part 7 on RD Plan 19R-2474 to Delores Fay Chase; Part 8 on RD Plan 19R-2474 to Allan Gordon Wolch; Part 9 on RD Plan 19R-2474 to William and Tyne Mary Eskeline; Part 10 on RD Plan 19R-2474 to George Edward and Mary Jane Inch; Parts 11 and 12 on RD Plan 19R-2474 to William

Ernest and Mathilde Nevitt; Part 13 on RD Plan 19R-2474 to Eric Walter and Margaret Irene Bulter; Parts 14 and 15 on RD Plan 19R-2474 to Angus Selva and Violet M.A. Macpherson and Part 25 on RD Plan 19R-2474 to John Peden.

Tax - write - off application numbers 2,3,4,5,6,7,8,11 and 12 for 1982, drawn pursuant to Section 636(a) of The Municipal Act, R.S.O., as amended, were approved in the total amount of \$1,447.39.

Council approved in part, J. McGuire's application to construct a boathouse to the water's edge in Lot 17, Concession I, Township of Minden pursuant to By-law 82-11, but dredging was not approved at this time.

By-law 82-31, being a by-law to hold a second advance poll, was read a first, second and third time and passed.

By-law 82-32, being a by-law to authorize the entering into of an agreement between Highland Gate Estates Limited and the Corporation of the Townships of Anson, Hindon and Minden, was read a first, second and third time and passed.

Briefly...

Dump truck rolls

A Mack dump truck, loaded with gravel rolled down a 15 metre embankment along highway 519 in Guilford Township, last Monday morning.

Philip Holt, 31, pulled his truck onto the right shoulder to allow another vehicle to pass, but the shoulder continued to pull the truck further to the right. The truck went through some guard posts and down the embankment.

Holt received minor injuries but damage to the truck was estimated at \$11,000.

Cars collide

Two cars sustained \$4,000 damage when they collided on highway 35 in Carnarvon, last Thursday.

A 1980 Pontiac was crossing the highway when it was struck by a 1980 Oldsmobile driven by Gunars Dreimanis, 53, of Scarborough. His passenger, Velam Dreimanis, 43, Dreimanis and the other driver, Stephen Jones, 23 of St. Catharines, received minor injuries.

Jones was charged with failing to yield the right-of-way.

Three people injured

Two cars collided on a private road in Glamorgan Township, near Koshlong Lake, Saturday.

Graham Hubley, 34 of Elliott Lake, was driving his 1975 Plymouth eastbound on Haliburton Hockey Haven Road, when it collided with a westbound 1983 Datsun, driven by Robert Duke, 35 of Edmonton, Alberta.

Damage was estimated at \$1,000 to the Plymouth and \$3,000 to the Datsun. Three people received minor injuries.

Car dives into lake

A car skidded into Lake Kushog early last Sunday morning, but none of the passengers were seriously injured.

Fred Fairhead, 65, and Margaret Fairhead, 64, of Scarborough, were driving along the Buckslide Road when a deer ran out in front of the car.

The vehicle swerved, but skidded over some rocks and finally stopped in the lake.

Damage to the 1976 Ford, including water damage was \$1,800.

Motorcyclist injured

A motorcyclist was injured when his bike drove off highway 35 and threw him into a rockcut.

Robert Emmerson, 39 of Minden, received serious injuries to his chest. He was transferred from Minden Hospital to Ross Memorial Hospital in Lindsay.

Damage to the motorcycle was estimated at \$800.

Car lands in swamp

A Lakefield man received minor injuries when he swerved to miss an oncoming car and lost control of his 1975 Datsun. The car rolled down an embankment into a swamp.

Damage to the car, driven by John Berry, 31 of Lakefield, was \$6,000. The accident occurred Sunday evening on highway 35 just south of Minden.

OPP investigate occurrences

The Minden detachment of the OPP investigated 97 general occurrences last week. Included were 10 thefts, 10 lost and found, seven liquor infractions and six break and enters.

Twelve people were injured in 17 motor vehicle accidents.

Kinmount Fair offers fun

Although it marks the end to summer, local residents and visitors, always look forward to Labour Day week-end. The excitement is created by the annual Kinmount Fair.

Slated for Saturday and Sunday, it is dubbed "the fair with the forward look".

The fun begins at 11 a.m., Saturday, when the exhibit hall opens at the fairgrounds, and the livestock show commences at 11:30 a.m.

Fair enthusiasts are encouraged to come downtown at 12:30 to view the special Warriors' Day Parade. The streets will be lined and parking is at a premium so be sure to come early.

Back at the fairgrounds the amateur program gets underway at 2 p.m. All talented residents and visitors are encouraged to attend.

After the talent show, Johnny Burke and Eastwind, will perform on the grandstand. In the afternoon, horses will be judged in the ring.

The animal shows continue with the heavy class horse drawing contest beginning at 4:30 p.m.

In the evening, Johnny Burke and Eastwind will return to entertain at the dance.

Throughout the week-end, bingo, midway, rides, exhibits and a host of other attractions make the fair a must-see event.

Sunday's entertainment begins at 11 a.m. with

the mutt show and the pony show. The exhibit hall opens at 1 p.m.

At 2 p.m., the ever-popular car demolition derby, supervised by the Trans-Canada Hell Drivers, will be organized in front of the grandstand.

The amateur contest returns at 3 p.m.

The light class of the horse drawing contest starts at 4 p.m. And the afternoon's events wind to a close with the goat show and four-by-four sled pull at 5 p.m.

Admission to the fair is \$2.50 per adult, public school children 50 cents and pre-school children free. It also costs \$1 to bring your car onto the grounds.

OPP promote driver safety

Everyone involved in public safety is concerned about the number of preventable tragedies that occur on the highways on holiday week-ends.

Ontario Provincial Police Commissioner Jim Erskine

has made a personal appeal to all drivers who venture onto the highways this Labor Day Week-end.

"Make a special effort to think safety", said Erskine. "We all need to remind our-

Shoot Out

Conflicting land uses of neighbouring properties often create headaches for municipal councils and it is such a battle that Anson, Hindon and Minden council has found itself in the midst of.

Three years ago when the Haliburton County Marksmen's Club established a range, north of the village of Minden on Bobcaygeon Road, it seemed a more suitable place for the shooters could not be found. There was no large residential development nearby and the former township gravel pit provided natural safety features that would be difficult to build into any shooting facility.

Now, six families, living nearby, have complained to council that the noise from the shooting range is making their lives unbearable. They claim it is difficult to relax with the sound of booming rifles, shotguns and handguns. One family mentioned it was concerned about the safety of children who could inadvertently wander onto the range.

The question of safety should be quickly dismissed. The competition shoots at the club are organized and it is inconceivable that someone could walk onto the range while guns were fired. As club president Doug Tedford stated at the council meeting, the club attempts to promote gun safety and also provides education for young hunters in the autumn.

However, the noise factor is difficult to deal with. It is easy to sympathize with the local homeowners who must listen to the shots and cannot enjoy a Saturday or Sunday afternoon, inside or outside without the constant booming in the background. In most cases, these out-of-town homes were quiet retreats at the end of the day or the week.

The families who object to the range note that they have investments in their homes while the marksmen use the range for purely recreational reasons. They also make the point that while one club member may only shoot at the range one hour a week, the culmination of hours when all the members use it, leave precious few hours when the guns are not shooting.

On the other hand, the gun club is willing to make concessions. It has stopped shooting Fridays and Mondays and has restricted shooting to 12 noon to 4 p.m., Saturday and Sunday. The rest of the week shooting can begin at 8 a.m.

While the weekday shooting hours may be tolerable the hours on the week-end cut into the time when most people would choose to enjoy activities with their families.

The gun club, to be fair to its members Tedford says, cannot eliminate shooting hours on week-ends as most members work throughout the week. The club also does not have the funds to purchase land for another range, away from residential property.

No matter what council's decision is, it is inconceivable that it will be favourable to both groups as their interests are so far apart. Council must decide if recreational uses are more important than the rights of individual property owners.

If the land owners are to enjoy their hours spent at home, the gun club will have to be restricted to only weekday shooting or it should find another location for its range.

Write a letter

Are you interested in your community? Are you concerned about its future? Are you irked by a council decision, frustrated with inflation and taxes, worried about where the world is headed? Why not get it off your chest through a letter to the editor. The letters to the editor column is a public forum and you're invited to use it as often as you like.

All we ask is that you sign your letter, and that you couch your criticisms and observations in language that is publically (and legally) acceptable.

So why not have your say? Your views may point the way to important changes.

Dogs not out of control in Dorset

Letters to the Editor

To the Editor:

I read in your paper of June 23 a resolution from the United Townships of Sherborne, McClintock and Livingstone opposing hunting black bear with "large" packs of dogs. Reportedly a group of hunters, who hunt all over North America, use packs of dogs numbering 20 or more to track bear. This is a gross exaggeration and misrepresentation of what is actually taking place.

The so-called "group of hunters" is actually one man, a professional guide and outfitter who has come to Ontario from Maine. He has been in the business of guiding bear hunters for over 30 years. He does own some 20 dogs, but they are not all trained to hunt bear, some are cat dogs used in the western U.S., some are pups not trained as yet and some have never been off their chains all spring. His residence is not in our township and the only use of any of his dogs in our

township was when one dog, on a leash, was used to locate a wounded bear for one of his clients. He often employs his dogs should a hunter, shooting over a bait, wound a bear. In this way, the bear is not left to suffer and his pelt and meat are also salvaged.

The normal use of dogs in running bear does not include a "large pack". The dogs and their handlers are professional. They have to be or people wouldn't employ them. The dogs are not allowed to run loose in the bush as our deer hunters' dogs do. Special strike dogs, chosen for their ability to pick up an old track, are used to locate a track. If the handlers decide the track is fresh enough or large enough, four or five additional dogs are turned out to bring the bear to bay or tree him.

I think some of our township and county councillors should do a little fact finding or just plain listen to some of our professional bear hunters from the U.S. or this bit of tourist trade will be gone.

Women should have more team spirit

Serendipity

by SUE COOPER

Women have demanded equality in most aspects of their lives for the past two decades, but there is one area where it seems they will never be equal to men.

While individual women athletes have strived for recognition (and received it), women's team sports have never gotten out of the lockerroom.

Physical ability will always restrict women from competing in all-men's league but it is not the determining factor that would restrict the development of a professional female team sport. Women have poor attitudes, when it comes to playing team sports.

Take a look at the local men's softball league. Last Thursday night, in the annual championship match, there was no heckling, no antagonism, and no nastiness. The players did not yell at the umpires or try to manipulate the coaches, rather they came out to have a good time.

Had this been a women's softball game, the scene would have been totally different.

First of all, someone would be upset because they had to sit out part of the game on the bench. That is, of course, if they hadn't quit earlier in the season because of this slant against their character.

Second, insulting comments would have been heard from the other bench. Remarks would have been directed towards people who should be their friends. Only a minority of players on each team does this, but it is enough to ruin the comradery of the game.

Third, someone would have made a mistake, something that every player does, but naturally it would upset the other players.

Fourth, the coach would make a suggestion and the player would take it as a personal affront. After all, she was playing her position properly.

Fifth, the umpire would have made a close call, and he would be accused of playing for the other team.

And by the middle of the game, surprisingly, all sense of fun is lost.

For some reason, bickering seems to be part of women's softball. Members quit teams in the mid season, others remain to complain for the rest of the season. Some teams pull out because they are over-ruled by the majority of the league and others are split because some players don't like the way the coach has handled a certain matter.

All in all, it becomes difficult to enjoy the game. On the surface the men's league does not appear to have these problems and it remains a mystery, why it doesn't.

The only answer can be that they look upon their fellow players, opponents, coaches and umpires as friends, not rivals.

Feir Play

Creighton Feir

On a recent visit to Peterborough I noticed a crowd gathering near the water fountain on the main floor near the front entrance of Landsdown Place. I was interested to see what the attraction might be. There, standing in the middle of the floor looking fit and trim in his tennis shorts was three-time Wimbledon Tennis Champion Fred Perry. He is appearing in various areas through the United States and Canada giving tennis tips and lessons to all those who may be interested. They tell me that Fred Perry is now 72 years of age but doesn't look a day over 50. While watching Perry deliver his tennis lessons in Peterborough I talked to a man, standing beside me, who stated that the tennis champ still jogs three or four miles a day. I can remember Fred Perry when he was at the top of the tennis world but this was the first time that I had seen him in person.

You always meet the loveliest people at Dover's Spring near Haliburton. For anyone who is not acquainted with this area, they should know most people say that when it comes to having a good drink of cold spring water this is their favourite watering hole. Local citizens, cottagers and visitors come from miles around just to drink a cup full of this water or in many cases they bring containers, fill them up and take home for a week's supply of drinking water. Some people claim it is the best drinking water in Ontario. Even though water at home may be great for drinking it just never seems to be as good as the water from Dover's Spring. Every now and then I always meet someone. Last week for instance, I met a woman who lives in Toronto but has a cottage on Lake Kashagawigamog. She said she was preparing to head back for Toronto but couldn't leave Haliburton without taking back some of that good old Dover's Spring water. She went on to say that she only has one problem: she always tries to turn off the tap.

Most people are aware the streets in Haliburton are named. It has been mentioned by several people that they are annoyed that businessmen, in their advertisements, call the main drag, Main Street, instead of its proper name which is Highland Street. Here at The Echo we will try to straighten out this problem at every opportunity. We have these new street names so let's use them, and let's not forget its Highland Street, not Main Street.

Ivan Reitman, the Canadian movie producer who made the hugely successful motion picture Meatballs which was filmed near Haliburton and was last year's box office success, has a new deal with Columbia Pictures. Sid Adilman writing in the Toronto Star stated that under the agreement, he will develop and produce an unspecified number of movies in Canada. Columbia boss Frank Rice announced recently. Reitman, a former resident of Toronto and Montreal, is now based in Los Angeles.

When some of Haliburton's former residents return the village after a few years absence they seem really surprised to see that so many changes have been made to their old home town. Even some visitors who may be here for the first time are amazed at the progress that has taken place here in the last few years. Most people are happy with all of these changes but there are a few who worry about the fact that we are growing too fast and if we don't look out we may lose our small town image. I personally think this is the last thing we should be worrying about. We need to grow with more businesses and more year round residents. We also must keep searching for some small industry to employ people.

It's time once again for one of the best small town fairs in Ontario. Yes it's time for the annual Kinnmount Fair, "The Fair With The Forward Look". The big event is scheduled for Kinnmount this coming Saturday and Sunday, September 4 and 5. Thousands of people are expected to be in Kinnmount for the two days to see the excitement, entertainment, thrills and spills that goes to make up this great yearly event. Three of the main attractions you should look for will be the Fair Parade which gets underway at 12:30 Saturday and the Car Demolition Derby, supervised by the Trans-Canada Hell Drivers, Sunday. Johnny Burke and Eastwind will headline the grandstand show on Saturday afternoon and then they will return to play for the Saturday dance at 9 p.m. There will be many other attractions too numerous to mention. Bill Scott, our local MP, has been a factor in the success of this event and is back this year as secretary. Austin Henderson, a former resident of Haliburton, is the new president.

The Municipality of Dysart et al have an advertisement in this week's paper looking for persons who may be interested in having a tree planted in their name or in the name of their family. For a \$150 donation you can have a tree planted in or around Haliburton's main street, Head Lake Park, Evergreen Cemetery, Rotary Beach or the public location of your choice.

The International White Water Championships will be held this Saturday, September 4 at 9 a.m. at the famous Minden Wild Water Preserve in Minden. It's the Pan American Cup with free style and Hotdogging.

VIEWPOINT

Pic of the Past

As you can see by the above photo that this picture wasn't taken yesterday or the day before that. Shown are some of the members of the Haliburton Huskies who were in Lindsay at that time taking part in a hockey tournament along with several other teams from other communities. Yes we go back several years for

this photo taken in the Lindsay Arena. Front row from the left: Lloyd (Buck) Baker, Jack Bannon, Bud Dart, Claude Brown. Back row from the left: Oscar Yarnold, MacKay, Harry Brohm, Joe Iles, Ray Logan, Vance English, Bob English.

Report from Parliament

by M.P. Bill Scott

Since the recess of Parliament earlier this month, I have spent most of my time listening to the concerns and problems of my constituents.

People want to express their problems. They have lost hope for a solution, to any problem, coming from any Government department or agency. Fortunately, sometimes my staff and I can cut the strings of red tape holding up decisions or payments owed to constituents.

This lack of confidence in the Government is consistent with the mid July Gallup Poll, which showed that, while 84 per cent of Canadians are aware of the June 28th Budget, 66 per cent of us feel that the Budget measures will not strengthen the economy, and 83 per cent feel it will either hurt or make no difference to their family's financial situation. Canadians do not believe this Liberal Government is acting in their best interests.

How can they expect the trust of the thousands of people they force out of work every day? The Government's Minister of Transport has admitted that the restraint program may cause higher unemployment. In referring to Air Canada's and C.N.'s announced layoffs of up to 7,000 employ-

ees, Mr. Pepin said, "That's one way of increasing productivity isn't it. That is the way they can stay at six and five". He later apologized for being so blunt, but, he did not retract the statement. In other words, the Government is tying the success of the program to continued high unemployment.

I wonder what level of unemployment will be high enough for their purposes. The seasonally adjusted unemployment rate in July was a record 11.8 per cent. One million, three hundred and eighty-six thousand people were looking for work, the highest since the depression. This was before the full implementation of this program of controls. I hope the Minister of Employment can smile when he explains to young Canadians, 15 to 24, that they are contributing most to the elevation of the unemployment rate. In July 1982, 20.9 per cent of people in this age bracket were unemployed, and 146,000 fewer students had summer jobs than a year earlier.

As I have declared earlier, I hope the Six Per Cent Solution works, and I am encouraged by recent drops in the interest rate. I do not think that this must be done by forcing further unemployment and hardships. I am sure those who think it must be taking care not to talk to their constituents since this recess. If they do talk to them and see the plight they are forcing on them, surely the members will appeal to their Cabinet to

As others see it

by NANCY PATTERSON
Environmentalist at the
Federation of Ontario Naturalists

It's time to complete Ontario's parks system. Park supporters cheered this spring when the Minister of Natural Resources, Alan Pope, tabled a roster of more than 240 candidate parks to be considered for inclusion in the provincial park system. A deadline of December 1982 was set for all decisions to be made on the allocation of crown land for forestry, mining parks and other landuses. More cheers - because firm deadlines from within the bureaucratic ivory tower are hard to come by and this time the Minister seems committed to meet that deadline. An aggressive public participation campaign complete with open houses would ensure local concerns were considered in the decision making. More cheers - because we all like to have our say. But also cause for alarm particularly among the residents of southern Ontario.

Of the 87 per cent of the provincial land base known as crown land, an overwhelming percentage is located in northern Ontario. So, unless southern Ontarians were prepared to drive to the open houses in the vicinity of their secret fishing hole, nature reserve or wilderness retreat, they will be hard pressed to comment on what uses were allowed in their favourite spots.

Herein lies one of the major weaknesses of the Ministry of Natural Resources public participation process. Major decisions are being made on a province wide system of parks, made up of land owned by and paid for by all Ontarians. Yet only local comment is being solicited.

From the Chamber

by Bob Stinson

The Hillclimbing Championships Find A Home

Following the tremendous success of the First Canadian Motorcycle Hillclimb Championships on the Wilbermere Resort property at Wilberforce talk has already turned towards making it an annual event. The credit for this however must certainly go to the residents of the Wilberforce area for the great support they provided in getting the initial event off the ground.

John Williams, the World Champion that brought the event to town, was interviewed on C.B.C.'s radio morning on Monday to report on the competition success. He was so enthusiastic about the way the community chipped in to make things happen that he said he just couldn't express his sincere feelings. It seems that in many areas as soon as you mention motorcycle the residents fear trouble rather than approaching the concept with an open mind. We now have two International Class motorcycle competitions held in our county (the other being the Corduroy Enduro running September 11, 12) and both have proven that there is nothing to fear and that the events can be a very worthwhile attraction to our area.

Bill Thomas, the property owner, has gone out on a limb to provide the facilities that most people don't want nearby. His property is ideal for this purpose because the noise bothers no one nearby, and besides the spectacular hill for the hillclimb he has the Motocross track and a flat track for dirt bikes and is developing a trail for 4 x 4's and A.T.V.'s. Bill, like John Williams, has been overwhelmed by the help and encouragement from the community and we are sure that with that kind of support he will do well with this development.

Look What's Happening In Minden

The Haliburton County Farmers Association has firmly established their Farmer's Market every Saturday morning in the Municipal parking lot at Minden. It begins at 9 a.m. and operates until sold out, which at times can be shortly afterwards. Anyone wishing to participate in the market may do so simply by joining the association. They may either provide their own table or sell produce directly from their vehicle. For more information contact Maureen Warburton, secretary-treasurer, at 457-1200. And if you are looking for garden fresh produce come on out early on Saturdays.

Don Sinclair also tells us that the Minden Lawn Bowling program is one of a kind. Normally when this sport moves indoors it becomes Carpet Bowling which uses different balls and adjusted rules. Minden however has retained all of the components of outdoor Lawn Bowling substituting only the grass with astro-turf and doing away with the problems of inclement weather by using the old curling quarters. If you want to know more about their entertaining sport call Don Sinclair at 286-2747.

Harvest Festival Passports Available

We must apologize for the delay in making the passports available but we ran into a printing delay. They are now available however at Sandalwood in Minden, Barr's in Gooderham, Varty's Jewellers in Haliburton and Mr. Fogg's at Carnarvon.

The Caribbean night in Minden on September 24 will feature some Island delicacies along with Rum Punch and Pina Coladas and very special entertainment. In Gooderham on the 25th visitors will be treated to Bavarian food fare while being serenaded by some appropriate tunes from the "old country".

The following week-end in Stanhope brings a French Monte Carlo theme called "Bien Venue a Stanhope" where your dollars will immediately be traded for French Francs. These francs in turn may be used to try some of the games of chance, sample some French pastries and exotic dishes and wines. A disco will run concurrently while you are entertained by two Cabaret shows and two auctions for super prices (with francs, of course).

The final night in Haliburton is an "Elizabethan Experience" and will have a sit down dinner of chicken and ribs served by wenches and overseen by a Manor Lord. A minstrel will entertain and provide music for dancing and souvenir steins can be taken home to help you remember the occasion.

Admission to all or any of the events is by passport, which are priced at a nominal \$8 for all four nights, \$5 for two and \$3 for a single event.

Lumbermen win the season

Top team takes the finals in two consecutive wins

Haliburton Lumber won the Haliburton Village men's recreational league playoffs hands-down in two straight games last week. Although both games were hotly contested by Beachli Construction the lumbermen just couldn't be beat.

In the first game of the series, last Tuesday, Beachli's team scored its only run in the first inning of the game.

Dave Nicholls made a walk to first base count by stealing two bases on wild throws. Mark Schell was grounded out, but the ball allowed Nicholls to come home.

It was a fast moving game

with three up and three down until the top of the sixth inning when Haliburton Lumber scored two runs to move ahead of Beachli's squad.

With two out, Kevin Newell got on base with a bunt and reached second base on a throwing error. Bernie Nicholls then hit a double to bring Newell home. Bob Johnston hit a sacrifice fly and Nicholls crossed the plate to count the winning run of the game.

The final score was 2-1 for Haliburton Lumber.

Bernie Nicholls was the winning pitcher with 13

strikeouts, three walks and three hits. Mark Schell took the loss with six strikeouts, no walks and three hits.

In the final game of the series, it appeared from the beginning that Haliburton Lumber wanted to take home the trophy.

The team came out aggressively in the first inning by scoring three runs.

Newell lead off with a base hit and Bernie Nicholls sacrificed a hit to send Newell to second. Johnston made a hit that brought Newell across the plate. Jim Winn followed with a double to bring Johnston home and Rob Dennys

hit a single to score Winn.

Bernie Nicholls was the winning pitcher with 15 strikeouts, five walks and no hits while Mark Schell counted nine strikeouts, two walks and five hits for the lumbermen.

Cliff Dawson presented the Haliburton Lumber team with the championship trophy, after the game.

Bob Johnston was selected as most valuable player for the regular season and Bernie Nicholls was voted the most outstanding player during the playoffs.

The league's 50/50 draw was won by Greg Bishop.

Team members of Haliburton Lumber won the Haliburton Village men's recreational league playoffs

in two straight wins last week. Cliff Dawson presented the championship trophy Thursday night.

Dixie Lee leading playoffs

Wednesday night game could decide championship

The third game of the ladies' play-off series between Haliburton and Minden Dixie Lee was played in Haliburton last Wednesday

night. After three innings Minden Dixie Lee had a 8-0 lead but in the bottom of the fourth Haliburton got six big runs to pull up on the Min-

den team. In the top of the fifth, Minden got four runs on timely hits and a home run from Anne Hewson. In the bottom of the fifth Min-

den held off Haliburton and there was no scoring in the sixth. Haliburton played tight defensive ball in the top of the seventh to stop Minden from getting any runs. In the bottom of the seventh Haliburton came up with five runs but not enough to win.

Most of the riders made the grade at the Canadian National Hillclimb in Wilberforce, Sunday. Some riders didn't make all their rides successfully, however.

Final score 12-11 for Minden Dixie Lee. Nelda Cully and Anne Hewson both had a good night at the plate for Minden and they shared the win. Haliburton had a good night from Shirley Hewitt and Miriam Smith. Nancy Maughan took the loss.

In the fourth game played in Minden Monday night was a see-saw battle all the way with Minden Dixie Lee finally coming out on top 14-12. Minden had a good night at the plate from Sue Lihn, Marlaine Wilson and Nelda Cully. Betty Whiteway and Marla McNaull led the way for Haliburton with Marla hitting a three run homer. Nelda Cully and Anne Hewson shared the win with Nancy Maughan being tagged with the loss.

The fifth game will be played in Haliburton Wednesday, (today) and the sixth, if necessary, in Minden Monday, September 6. Games scheduled for 7 p.m.

Standings in the best of seven is Minden Dixie Lee ahead three games to one.

Soccer league ends with exhibition games

by JIM MILNE

The playground soccer programme ended on the week-end with two games against an excellent team from Scarborough. The local team of Haliburton and Minden players, was stronger than the team fielded last year, however, the opposition had made greater progress during the year and outclassed the locals considerably. Geoff Wynne and Glen Scully refereed the games. Obviously, the team needs to play more organized games. Perhaps a soccer programme will be organized in Minden earlier next season and provide more com-

petition.

While more organized games could not be played this summer the skill award programme encouraged players to practice individually. Nineteen different players earned badges for the various skills of soccer. The local Public School Men's Teachers' Federation sponsored the badge programme.

The Haliburton and Minden Recreation Committees, through Pam Iles, Lisa Salvatori and Ed Pergolas, helped organize the teams and the high school and elementary schools in Haliburton and Minden loaned the league equipment throughout the season.

How soccer skills were judged

The requirements are relatively easy for younger players but become harder for older players. No one earned an excellence award by achieving gold standard in four skills although two players came close with three gold awards: Shaun Perrin and Bruce Milne.

Veterinary services being studied

Remuneration may be given for number of calls instead of grant

Climbing the first section of the hill at Wilberforce was simple for most riders, Sunday. The remainder of the hill was more challenging.

Subsidizing veterinary services based on the number of calls made instead of the present lump sum annual grant is the primary recommendation of a report released recently by Agriculture and Food Minister Dennis Timbrell.

The report, "A Study of the Veterinary Assistance Program in Northern Ontario," prepared by Dr. James White of Info Results Limited, suggests abolishing the present \$12,000 yearly grant and paying veterinarians a fee per kilometre for driving time as well as car expenses on their calls for food-producing animals.

"The veterinary assistance program was originally established to ensure that areas of the province where commercial livestock operations are few and far between would have access to the same level of veterinary services as the rest of Ontario," the Minister said.

The report also recommends extending this subsidy to any veterinarian in these areas who would provide full-time service to all large animal producers; abide by maximum rates established by the Ministry to provide uniform charges

for all large animal work; maintain an office within five kilometres of the designated area; have adequate large animal equipment and maintain a reasonable supply of drugs.

"This would give veterinarians who wish to practice

in these areas a better opportunity to do so," Timbrell said.

The report will be circulated for comments from the veterinary profession and the users of these services. Ministry staff will hold public

meetings in the fall to discuss these recommendations.

The 13 designated areas in northern Ontario are: Kenora, Dryden, Thunder Bay, Rainy River, Algoma, Manitoulin, West Sudbury, Ver-

ner, North Bay - Powassan, Timiskaming, Cochrane South, East Parry Sound and West Parry Sound. The five southern Ontario areas include: Haliburton, the Bruce Peninsula, Renfrew, Renfrew West, and North Hastings.

As others see it

from page 5

lished network of support founded in the local communities of northern Ontario. The forest industry claims expansion of a parks system will "deal a crushing blow to their (sic) industry and the provincial economy". The mining industry claims "vociferous environmentalists would close down anything remotely related to mining." Many of the northern residents believe these statements.

Yet in identifying candidate parks, the Ministry of Natural Resources went out of its way to screen out most parks which had a high conflict with either forestry or mining. And even if all candidate parks were approved, the total area designated for parkland including existing parks, would involve less than five per cent of the productive forest land of the Province and a smaller portion of land with high mineral potential.

Parks have been short changed for years. Not one wilderness park has been designated in the 11 years Bill Davis has been Premier. Yet in the same period, an area the equivalent of one

wilderness park has been written off every year from further commercial forestry because of insufficient regeneration. It is time for the people of Ontario to stake their claim for parks before it is too late.

It is unclear but doubtful whether there will be an opportunity for southerners to support park advocates in the north. This is a sad comment on the Ministry of Natural Resources public participation process. After all, 85 per cent of Ontarians have visited a provincial park at some time in their lives and over half do so in any one year. And where is the vast majority of the Ontario population? In the south.

The Ministry of Natural Resources is not doing its job. In soliciting public comment it should not be allowed to close the door on the vast majority of Ontarians who clearly have a vested interest in Ontario parkland.

OPP promote driver safety

from page 2

selves about driving defensively, staying alert and the fact that alcohol and driving can spell death or serious injuries to ourselves and loved ones."

"If drivers would take a moment to consider the responsibility they accept before starting the engine of their vehicle, that burden would serve as a constant reminder," Erskine added.

FAMILY

Senior League

by Bert Harrison

Doris took us in the bus to Minden Fair, and we saw a lot of lovely horses there. The ladies from Hyland Crest took first prize on their craft display including Teddy Carr's model trail.

We went to hear Mr. Miller's farewell service, before he goes away. There was an interesting service in the Chapel on Sunday night. Mrs. Thompson played the music and led the singing. Harold read the lesson, and it was so nice to have the Cooch family. Rev. Cooch led us in prayer, told us how we could test our lives to know if we belong to God.

Congratulations to Rev.

and Mrs. Elliott on the birth of their lovely daughter.

We watched three movies Monday night. "Ksan Klondike Days", and "Ontario Surprise". Sorry they were not viewed by a few more eyes.

Linda is on three weeks holidays. She is surely missed when she is away.

Les McGuire had a birthday, and was treated fine - had a birthday cake here, and another when their son took them out to dine. We are not sure of his age, but think it's sixty-nine.

Rev. Phillips came down from Haliburton Tuesday. In the chapel at Hyland Crest,

he surely did hold sway. He brought a spirited message in such a cheerful way. We really all enjoyed it more than we can say. He has such a hearty laugh, it cheered us mournful souls, we forgot for awhile that we are getting old.

Wednesday was Doris and Linda's birthday. We thought a surprise was for them. We'd sing when I started to play, "Happy Birthday". They sat there like mummies, and didn't do a thing. However, things turned out real merry. It was not only the girls' birthdays, it was also Mr. Ernest Berry's.

Tuesday night Fred Ballard came, fine music he did play. We can always depend on Fred to come most any day.

The ladies from St. Stephen's Church brought in our lunch today, also a lovely birthday cake, for those who had birthdays this month.

Friday morning we boarded our bus, with Doris at the wheel. We went to Jimmy Cooper's lovely home, for our noon meal. Joan Kernohan also came along, not just for the ride. She said if we didn't behave ourselves, she would tan our hide. It was raining when we arrived there, to the family

room we retired. With a fire in the fireplace, what more could we require.

When we had eaten, Jimmy told us jokes galore. When he showed us inter-

esting slides we hadn't seen before. We really all enjoyed ourselves. They are gracious hosts, and treated us so fine.

We thank them both for giving us such a good time.

Triple M's grand finale tops enjoyable summer

Running shoe soles used in art work

by MARIE CHAMBERS, and CAROL LEE

Our first Monday craft class in the park went well with more children showing up than expected. The children were read a book about "rub art" and from this book they found ideas for their own rubbings. Everything from running shoe soles to

the historic plaques were used to create their art work.

Wednesday's weather was not very good for outdoor activity but that didn't stop the 16 children, who turned out for crafts, from making themselves at home in the gallery. They made javex drawings by dipping q-tips in javex and drawing on coloured paper. Wherever

the javex touched the paper the area turned white.

In Friday's class small stained glass objects were made. This was done by dipping wire frames into a mixture of food colouring and glue. When they dried they were transparent. Some favourite shapes were flowers, balloons and rabbits.

The instructors spoke at the Haliburton Rotary Club meeting Thursday night and couldn't have asked for a warmer response.

by WENDY LAKING

The Minden Molto Maestros gave their final concert of the year Sunday in Haliburton. They were a smashing success. It is a sad time now as the job of conductor of The Triple M's ends and the role of student at the University of Toronto begins.

After spending the summer teaching these young

The Mouthguard Project, in operation now for 11 years, is an important part of the school dental health programme. Over 5,800 students have been fitted with mouthguards during this period, with the prevention of many dental injuries in sports.

people, the one-time "city slicker" really doesn't want to leave her new country roots! The members of the Triple M's have become very special. I have learned so much this summer in so many different areas; from lesson-planning, conducting, and musical arranging, to organizing, public speaking and how many instruments will fit inside a car trunk at one time!

I couldn't have wished for more support, enthusiasm or encouragement from Glen Carter, Rick Vaughan, Don Wright, Mrs. Zorjen, Mrs. Lacey and all parents of the Triple M's who supported the group throughout the summer, the Haliburton County Echo staff who provided a column space and Mike Amyotte and Craig Saunders (members of the Dixieland Ambassadors) who each came once a week to the Triple M's rehearsals to coach the brass section and play along with the band.

Happy Gang News

by Watson Anderson

We went for a bus ride the other day and as we were rolling along we noticed the bus was filled with glee by a little girl of about three years old and her young mother who were fellow passengers. Now and then a musical shriek of pleasure would be heard sounding (if we want to be funny) like the squeal of a pig which was musical or pleasurable. The laughter of the little girl was precious.

For awhile all was quiet, then we spied a pair of little eyes looking up at us from under the arm rest of our seat. She didn't say a word even when spoken to.

Ivy Shaw is back and Monday rented the Minden Hyland Crest bus and drove 19 of us including staff to the River View Zoo in the north suburb of Peterborough. Our route started at Haliburton in the Drag River Valley (in which are Drag Lake, Head Lake, the Kashagawigamog Lakes and Canning Lake) until it enters the Burnt River Valley at Gelert. All the animals were in good form as well as our experienced eyes could tell. While eating at

Colonel Saunders on Highway 28 north we were entertained by a troupe of sea gulls that swallowed everything the guests threw at them, especially chicken bones. It is amazing how any one of them can swallow a long chicken bone in a gulp.

Of late we have observed very few hummingbirds since one poor creature fatally flew into one of those front picture windows under the awning. However, the nectar food we have put out continuously is slowly but surely disappearing every day.

Tuesday's bingo was played without a hitch, Ivy Shaw scrounging for the prizes, Kim Roberts and Lorraine Smith were the players' helpers and Ray Smith called and did a good job of it.

The gloomy prediction we made last week is no longer gloomy. Sunday's heavy downpour made the difference. Our flowers have never been better and we have started to pick the cherry tomatoes which were served at one meal with salad.

Ivy Shaw had scheduled two overnight camping outings, leaving Wednesday morning to South Lake trailer camp. The weather being what it was a safari to Locarno on the Lake was opted for - volunteer-owner-driver Marion Curry took Kay Walker, Hazel Parish and Norman Titus; Mary Hannah took Alice Hartle, Watson Anderson and Jack Pollard. Les Hughes, president of the Haliburton Senior Citizens took Harold McKelvey, and Ivy Shaw took the Hyland Crest Van back to Minden. It was a dinner of meat loaf, potatoes and string beans, dessert of ice cream and chocolate sponge cake. Jack Basset as usual, was a very funny master of ceremonies and made the outing enjoyable for the senior citizens of Haliburton County.

We needed cookies to fill the cookie jar and yet we have no little boys or girls to empty it. Ivy Shaw claimed she got the recipe for cherry

coconut cookies off her cuff. To help her she had Hazel Parish, Jim Allan, Noreen Stevens, Lila Simmons, Christina McRae, Flossie Burk, Muriel Covert and Vera Griffin. The end result was superb cookies.

The Happy Gang was dismayed to learn of the death of Emil Neimann immediate past president of the Haliburton and area senior citizens. He gave us a warm welcome to many of the pot luck dinners the seniors sponsor at the Dysart Community Centre. Our sympathy goes to his many relatives and other friends.

The Rev. John W. Phillips, Rector of the parish of Haliburton - St. George, conducted the Friday morning devotional period bringing with him a nice solo voice and the nimble fingers of a pianist. He described the employer whose employees worked various hours and got the same returns, probably meaning that is Christ's way.

MUNICIPAL ENUMERATION

Starting September 7, 1982, an enumerator, carrying a proper identification card, will call at your residence for a few minutes to check basic information required in determining:

- your eligibility to vote in the municipal and school board elections to be held on November 8 this year;
- the allocation of education property taxes between the public and separate school systems;
- the distribution of provincial grants to local governments to help reduce tax bills;
- the preparation of jurors' lists; and
- population information needed for other municipal programs.

The enumerator must record such information as the name, age, property status (e.g. owner or tenant), school support and residency of all members of the household.

This year in certain areas the enumerator will also ask if you would like your name included on a list of electors for French-language schools.

When the enumerator visits, please check that the information on the Enumeration Notice is correct. If it is not, revise it and verify the changes.

If you are not home, a Notice will be left for you. If changes are necessary, please make them and mail the Enumeration Notice, as soon as possible, in the pre-addressed postage prepaid envelope accompanying the Notice. For any additional information, please contact the local assessment office.

HUNTER SAFETY

This course is essential for anyone between the ages of 15-20 to obtain a hunting license. The course will be conducted by the Haliburton County Marksmen Club. To take this course you must be 15 as of September 1, 1982, and anyone under 16 must have written parental consent to be handed in with registration.

Students attending this course will be given information on examination dates at the course. The examination fee of \$3.00 is not included in the course cost, and will be payable when you take your examination.

NOTE: This will be the only Hunter Safety course offered by the Haliburton County Marksmen Club this fall.

INSTRUCTOR: Haliburton County Marksmen Club
LOCATION: Ministry of Natural Resources, Minden
DATES: Sept. 13, 14, 15, 16, 17
7:00 - 10:00 p.m.

FEE: \$15.00 per student

* Please Register no later than September 10th - Limited Registration.

FUR MANAGEMENT

This course has been designed by the Ministry of Natural Resources for new trappers as well as experienced trappers who would like to upgrade their skills. This course is mandatory for all new trappers to obtain a license.

INSTRUCTORS: Keith Hughes
and Maurice Emmerson
LOCATION: Ministry of Natural Resources Building - Haliburton
DATES: September 6, 7, 8, 9, 13, 14, 16, 20, 21 and Sept. 25
Each evening from 7:00 pm to 9:30 pm
FEES: \$40.00

Books will be available from the instructors at class, approximate cost will be \$12.00

Please Register no later than September 3 for this course.

DISTRICT NEWS

Chatting with Irene by Irene Moore

Last Saturday was not the 13th, but it sure could be called blue Saturday in Minden. It seemed that the ambulance was going steady all day; then the car going right through Mabel's Cut and Curl building. It was scary for the staff and customers, but plain lucky that no one was badly hurt. Of course to start the day off in a bad mood, there was the hail storm in the morning. I just could not believe my eyes. Hail in August? Sure hope it did not hurt too many crops.

Don't forget this Friday evening is the last week movies for the children will be shown weekly. After September 3, they will be shown every two weeks at the library.

Mr. and Mrs. Phil Robinson and Bradley visited with their cousins Byron and Marie Rogers in Lindsay last Sunday.

The Museum Committee are holding a bake sale, in front of the Sandalwood store this Saturday morning, starting at 10 a.m., remember the committee is raising funds to fix up the outside of the building, so help is needed from all the people in the area.

Scott and Kellie Bird of Eagle Lake spent several

days with their cousins Nancy and Julie Bird.

There was a fantastic crowd at the last Deck Hand show at the Common Room of the Culture Centre last Thursday afternoon. I sat in the library and listened to 65 children and about 25 adults laughing at the show, and really enjoying themselves.

Mrs. Maud Coulter is visiting with Mrs. William Milligan in Newtonville at present, and while there will attend the wedding of her cousin.

The Minden Library will be closed Labour Day, September 6; also on the local Civic holiday, September 20.

I am sorry for the mix-up at the Agnes Jamieson Art Gallery last week; the sheet I was given said that "As it was then" would be shown until August 28, then it was changed and none of the Committee bothered to notify the correspondents that the change had been made, so there were folk from Toronto and Minden coming in on Thursday and Friday to see it and it was gone. In the future it is hoped that it is kept up to date, for those who wish to see the exhibits. Dr. Harry Good's exhibit of Eskimo Art is on exhibit at the Miss Laura Bird of Toronto

visited in the area over the week-end.

Having been asked about my recipe for homemade chocolates, I am having it printed again. 1/2 cup finely mashed potatoes, 1 1/2 or 2 lb. icing sugar, 1 tsp. vanilla, 1/4 cup soft margarine. Mix and keep adding icing sugar until mealy, but soft enough to roll. Divide into sections, make one coloured, one with chopped nuts in it, one with chopped coconut, one with walnuts and maple flavouring, which is very good. Use your own ideas for mixtures. Roll into small balls, set on waxed paper. Melt 1 square semi-sweet chocolate with

Dorset News

by PHYLLIS BRISCOE

"One of the secrets of a long and fruitful life is to forgive everybody everything every night before you go to bed."

We haven't seen any of that white stuff yet but it has sure felt like it is just around the corner. They say that Humpty Dumpty had a great fall to make up for a rotten summer. Well, that's a corny joke, but let's hope that is what happens to us, a great fall, I mean. I heard a weather consultant on a T.V. program today and he says we should have a warm September. He had better be right. We feel so sorry for the people who are on vacation this month, paying for Motel

accommodations or cottages and then have to stay inside huddled around a fire. Summer seems to get shorter all the time.

The foot clinic will start again on Wednesday, September 15 but something new has been added. To help cover the cost of materials there is a \$2 charge per person per treatment. If you wish to attend this fall please call 766-2237 for an appointment so we can set up our schedule.

The McKays have had another birthday in the family. Hector celebrated on Sunday, August 29 and many members of his family attended. Please turn to Page 11

Coboconk News by Sheila Lake

Congratulations to Mr. and Mrs. F. Gibson of Water Street who celebrated their 40th wedding anniversary at the Woodville hall on Saturday. Friends and relatives enjoyed a social time and a dance.

We enjoyed a Thursday visit from Claire Brooks of Minden and Wendy Spiros and Tony of Toronto.

Bonnie and Ron Chynoweth celebrate their 25th wedding anniversary on September 11 although the actual date is September 14. I wish you more, folks!

Winners in the seniors card games were as follows: euchre - ladies first - Bessie Sedgwick, 75, Elizabeth Gauger, 75. Ladies consolation - Betty Harvey. Men's first - Dorothy Brown, 77, men's second - Weldon Neal, 72; men's consolation - Cliff Moffet, ladies most lone hands - Laura Irvine, 6, gent's most lone hands - Jack Sims, 4, Bridge - first - Steve Steeves, 6110; second - May Chapman, 4870; consolation - JoAnn O'Gorman, 1150.

Kim White of Calgary has been visiting her grand-

mother, Annie Marles, and her other grandmother, Reta White in Fenelon Falls, and returned to Calgary Sunday night.

Terry Yeo is home from the west where she attended her nephew's wedding. Her nephew, Michael Allen was married at Innfail, Alberta. She also visited her sister Janet Reitmire in Red Deer, Alberta, and her brother, Lyle Allen from the Yukon, who she hasn't seen for 25 years.

The Pioneer Days was a huge success and the local businessmen who made it all possible are to be congratulated. It was well organized and there was something of interest for all ages. We took in the donkey baseball game, with Coboconk businessmen playing against the C.F.G.M. Bull Shooters. It was a lot of fun for everyone and no one really worried about the score. It was entertaining to watch the donkeys even remotely interested in the game. There were many really lovely costumes - the old styles of yesteryear and

Kay Reid took first prize in the competition. Other winners were the Jones family in their "Schnieders Meats" attire, Edgar Fildey was the village doctor and the Camerons little granddaughter also won a prize.

Once again, the liquor store was broken into overnight Friday and about \$900 in spirits taken. It was just back in early summer that the same thing happened. Are the thieves caught? If so, why not publicize their names? Last Saturday a car thief was caught, right near the liquor store. The car had been stolen in Toronto. We do not need so many thieves in our area.

Mr. David Chrichton, one of our senior home correspondence pupils is studying world politics. Perhaps he should study Canadian Politics and run for office, because we need someone new who understands our problems of high interest rates and unemployment. How about it, Dave?

Hope you have your winter fuel in because these chilly days we sure need some warmth.

Gooderham News by Mary Hadley

Forty-two members of the Glamorgan Senior Citizen's Club met in the community centre for a pot luck meeting last Wednesday evening.

The tables groaned with an assortment of casseroles and desserts.

One minute silence was observed in memory of a member, Emil Neimann, who died that day.

Among the guests welcomed by president, Ivan Hunter, were members of our municipal council, Reeve Ken Maguire with his wife, Eileen; councillors and chairman of the Recreation Committee, Betty Barr; Helmi Gee, of Kitchener; Gladys Monaghan, Elva Whitcombe, Elsa Domoney and her daughter, Elsie, all of Toronto.

Jean Frazer introduced the guest speaker, Bob Stinson, manager of the Chamber of Commerce, who told of the work of his department. The mandate in the constitution is to "promote and improve trade and commerce and the economic, civic and social welfare of the Provisional County of Haliburton". He said the main priority was tourism and because of this our county was better off than many industrialized areas. Winter attractions are growing fast with 26 oper-

ators now open in the winter. The province has been divided into 12 separate regions as indicated in the Traveller's Encyclopedia. We are in area 5, known as Central Ontario. Events such as hockey tournaments give exposure to the Haliburton Highlands. Twice a day Elgin Stouffer reports on the weather which is broadcast on radio stations. We can request radio stations to give us this information if they are not already doing so. Toll-free calling to the Chamber is a service being initiated.

The booth at the Toronto Sportsmen's Show doubled its size last year. One thousand dollars worth of tickets for the Guild of Fine Arts quilt were sold.

Among the fall activities are two bus tours a week in the colour season. The Harvest Festivals are patterned after "Caravan" in Toronto and sponsored by the Chamber of Commerce. They are held in four pavilions over two week-ends. The second takes place September 25, with Septemberfest at Gooderham. Our community is among the first to celebrate the glorious fall colours with carnival, dinner and dance using a German Bavarian theme at the new park and community centre.

Ed Taylor thanked the speaker for his informative and interesting talk.

Card games concluded the evening.

Guilford Pulse Beat

by Bill Wood

Hi friends! This is your roving reporter, back again with his final report of news for this area.

Bethany Wood and I spent two days moving our furniture down to Windsor, Ontario. We found a home in a fine old neighbourhood, just two blocks from the sparkling clear waters of the Detroit River (Ahem!) I admit that the air is a little different than the air we have in our highlands, but on a real clear day, you can see the house next door, which is four feet away. I think Jean and I will be glad to return to Braemar next spring.

I am delighted to report that this column will continue to survive, thanks to Gladys Kreller of the Silver Valley Store. I know Gladys will do a fine job, in reporting the local area news. Please call

this brave person at 754-3005 with any news or happenings you would like printed in the Haliburton County Echo. Her first column will appear next week in this space. Many people have called me and are truly sorry to hear that I am leaving my post as the Guilford Pulse-Beat reporter. That is my fate for the present. We will be returning next May.

Take care until we meet again.

Carnarvon News

Mrs. Clifford Archer and daughter Jocelyn of London, Ontario, and Boshkung Lake, have left for a vacation in Australia where Jan has relatives.

Mr. and Mrs. Lou Tomkins are spending a few days in Ottawa.

Laurie McKay and Harold Tulk of Pettawawa were with Laurie's parents for the week-end.

Mrs. Hartley Newell and daughter Shannon of Gelert are spending a few days with Mrs. Arch McKay.

Mrs. Jessie Burnette, who has lived in the area for awhile, is moving to her home in Oakville. Mrs. Burnette endeared herself to many people in the area and

will be missed. She also is planning a trip to Vancouver.

Is this the shortest summer on record? It seems we have had winter in July. Many people reported having their furnaces on. August is a little early for that.

Mr. Ken McKay and son Michael of Toronto and Max McKay spent four days in Northern Ontario on a fishing trip.

We are pleased to hear that Mrs. Nelly Kerr is home from the hospital.

Mr. and Mrs. Ralph Stewart of Fenelon Falls were week-end guests of Mr. and Mrs. Ralph Kennedy.

To include news items please call 489-2924.

NOTICE OF APPLICATION TO THE ONTARIO MUNICIPAL BOARD, SECTION 13,

THE MUNICIPAL ACT, R.S.O. 1980, CHAPTER 302
WHEREAS the Municipal Act, R.S.O. 1980, Chapter 302, Section 13 provides that upon the application of the Council of a local municipality for a new division or revision of the municipality into wards, the Ontario Municipal Board may redive such municipality into wards;

AND WHEREAS pursuant to By-law Number 11-59 of the Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde, and which by-law was read a first and second time on the 13th day of October, 1954 and read a third time and finally passed on the 15th day of December, 1954, the above municipality was divided into three wards for election purposes, a certified copy of which by-law is available for inspection at the Municipality of Dysart et al offices, Haliburton, Ontario during regular business hours;

AND WHEREAS By-law Number 11-59, which established the division of the municipality into wards, received the approval of the Ontario Municipal Board by virtue of an order dated the 4th day of October, 1954; AND WHEREAS after By-law Number 11-59 was given a first and second reading on the 13th day of October, 1954, the By-law was submitted to the ratepayers of the local municipality for general assent by virtue of an advertisement in the four November 1954 issues of The Haliburton County Echo and their assent was asked for by ballot "Yes" or "No" on Saturday, December 4, 1954;

AND WHEREAS subsequent to obtaining favourable assent, By-law Number 11-59 was read a third time and finally passed on the 15th day of December, 1954 and came into force at the next election after the passing of the by-law;

AND WHEREAS the within application is being made solely for the purpose of increasing the number of wards for election purposes from three, as originally established by virtue of By-law Number 11-59, to the requested five wards for election purposes;

AND WHEREAS the within application is authorized by a by-law passed by the local municipality on the 21st day of July, 1982 as By-law Number 82-31, a certified copy of which is available for inspection at the Municipality of Dysart et al offices, Haliburton, Ontario during regular business hours, and a copy of which By-law Number 82-31 is also published with the within notice.

NOW THEREFORE TAKE NOTICE that the Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde does hereby respectfully apply to the Ontario Municipal Board for the following:

1. An Order to be given by the Ontario Municipal Board approving, without the necessity of holding a hearing, By-law Number 82-31 together with the new division of the municipality into wards set out in By-law Number 82-31, a certified copy of which is available for inspection at the above referred to offices and was attached as Schedule "B" to the application made to the Ontario Municipal Board.
2. That the Order redive the municipality into five wards with the boundaries as described in the Schedule "A" attached to the By-law Number 82-31 and which Schedule "A" is available for inspection at the above referred to office and which Schedule "A" is also published with the within notice and is further available for inspection.
3. That the Order designate that each ward shall bear the number and name shown on Schedule "A" attached to By-law Number 82-31.
4. That the Order declare that the within redivision of the local municipality is to take effect prior to the municipal elections to be held this year, 1982.
5. That the Order, in addition to approving the redivision of the local municipality into wards, grant approval that the new polling subdivision boundaries shall be in effect, the locations of which are more particularly set out on Schedule "A" attached to By-law Number 82-31 and it is respectfully requested that the Ontario Municipal Board order the Assessment Commissioner to take the new subdivision boundaries into account with respect to the preparation of the list of municipal electors.
6. That the Order acknowledges that the local municipality has no suggestions to make with respect to the provisions for local school board elections, other than such elections shall be held as they have been in the past, being at the same time as the election for Reeve, Deputy-Reeve and Councillors, and that the number of members for the local board be determined in the same manner as previously, pursuant to the provisions of Education Act, R.S.O. 1980 as amended, Chapter 129 and any other applicable Act.

The Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde hereby respectfully requests that the Ontario Municipal Board approve By-law Number 82-31 on the terms as set forth above without the necessity of holding a public hearing.
DATED at Haliburton, Ontario this 4th day of August, 1982.

THE CORPORATION OF THE UNITED TOWNSHIPS OF DYSART, DUDLEY, HARCOURT, GUILFORD, HARBURN, BRUTON, HAVELOCK, EYRE AND CLYDE.

Murray Fearney, Reeve Wayne B. Wood, Clerk-Treasurer

Any person interested may, within 21 days after the date of this notice, send by registered mail or deliver to the Clerk of the Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde, Haliburton, Ontario, K0M 1S0, notice of his or her objection to the approval of said application together with a statement of the grounds of such objection, and that if a hearing is held, he or his agent will attend such hearing to support such objection.

The Ontario Municipal Board may approve of said application, but before doing so, may appoint a time or place when any objection to the application will be considered. Notice of any hearing that may be held will be given only to persons who have filled an objection and who have left with, or delivered to the undersigned clerk, the address to which notice of hearing is to be sent.

Last date for filing objections will be Friday, the 17th day of September, 1982.

THE CORPORATION OF THE UNITED TOWNSHIPS OF DYSART, DUDLEY, HARCOURT, GUILFORD, HARBURN, BRUTON, HAVELOCK, EYRE AND CLYDE.
HALIBURTON, ONTARIO K0M 1S0

Wayne B. Wood, Clerk-Treasurer

Kinmount Korner

by Millie Moss

Donald Hartin and his granddaughter, Donnalyn Hartin of Sault Ste. Marie were guests for a week recently, at the home of Albert and Stella Hartin in Kinmount.

Happy 10th birthday was wished to Molly Suckling, Sunday and to Bonnie Belair Suckling a belated happy birthday, his sixteenth August 22.

Lori Anne Newman spent a week in Fenelon Falls visiting friends, recently.

Sue, Barry, Barry Jr. and Scott Wilson and Bob Long-graff, all of Windsor were guests for eight days at the home of Bill and Win Wilson, RR1, Kinmount.

Edith and daughter, Lynn Holliday of Scarborough were guests last week at the Ken and Joan Hyams household.

In all the years I personally have been in or around Coboonk, I have never seen it so busy as it was on Saturday, August 21 which was Coboonk's Pioneer Day.

There were people everywhere and from everywhere. There were displays of antiques and old books and photographs. Local folks were dressed in old-fashioned clothes, corn on the cob, ice cream cones and hot dogs were 25 cents each. It was a fun day. Many pictures were taken by visitors, of some of our dressed up citizens, and the display of old guns shown at the bank.

Visitors were allowed to shoot over the water with the old guns. One man was overheard to say to his young lady "now don't shoot til I say one-two-three go, because I want to get the smoke and everything in this picture". There was added excitement when police cruisers came down the road and over the bridge where a man who had escaped from police earlier, was nabbed.

Many stories went the rounds but apparently two cars were stolen and the culprits then parked them and went into the pub. The police parked by the LCBO store and waited for them to come out and climb into the stolen cars. The police arrested all but one of the thieves as they got into the cars.

Later, I heard the liquor store had also been robbed so I took a walk over there and had a visit with some old cronies from our own hotel days. Ernie Barkwell told me they hadn't been robbed but people thought so, as the police cars were all around there watching the stolen cars. It was quite a day.

Mr. and Mrs. Bill Vander-aught and their son of Toronto were last Tuesday guests of Bill, Bertha and Keith Stata. Bob and Edna Rush of Springfield, Ohio and Pauline D'Autoono of Salem, Kentucky were guests for approximately a

from page 9
tended a get-together at his home to help make the occasion festive.

We send our best wishes to Agnes Little, who is in Wellesley Hospital where she underwent surgery. We hope her recovery is quick and complete.

The Dorset Senior Club will be starting their fall activities in the near future and will have their first meeting on Wednesday, September 8. Dues will be payable at that time.

Hazel Sears has had visitors during the summer. Her daughter, Norma and husband Harold Lovegrove, of Hamilton spent three weeks at home, son Billie of Mississauga was here for two weeks, and granddaughters Mary and Angela McKay spent some time with their grandmother, then Angela spent the last two weeks of August at camp.

Mrs. Hilton Campbell of

Dorset News

Pinehurst, North Carolina spent some time in the area visiting with old friends. The Campbells had a summer home on Kawagama Lake for many years and were well known in the community.

A young man in enjoying part of the holiday from school visiting friends in

Dorset. Eric VanRoon of Blind River is with the Harry Claytons for a week. His mother, Willie, will arrive on the week-end.

H.H. Use masking tape to get lint off your dark clothes. Just wrap it, sticky side out around your hand and pat the material.

Chatting with Irene

from page 9

slivers of paraffin wax. Using spoon and fork roll balls in the melted paraffin and chocolate and set back on paper. Work fast for it hardens quickly. One square of chocolate and three slivers of wax does about 14 chocolates.

We on Prince Street are glad to know that Bob Emmerson is holding his own in the intensive care unit of Ross Memorial Hospital, after his bad accident on his

motorcycle last Friday evening. We are all pulling for you Bob, so keep on improving please.

Well, one way of knowing summer is over, is when the meetings start again.

Next Tuesday will be the Horticultural meeting at the Municipal Building at 7:30 p.m. Wednesday evening, September 8, will be the United Church Women's meeting at the United Church at 7:30 p.m.

Adios and take care now.

Land Use Inventory

A few inches of top soil are the key to sustaining most life in this world, and especially the existence of humans. Only a small percentage of the land in the world has any top soil on it, and some experts say it takes one acre of this land to produce enough food for each person. With the increasing demands which civilization is placing on land today, land-use conflicts are increasing in frequency.

Everyone interested in food production will welcome the recent announcement about the development of an Agricultural Resource Inventory for Ontario. This is a joint federal-provincial project announced by Federal Employment and Immigration Minister Lloyd Axworthy, and Ontario Agriculture and Food Minister, Dennis Timbrell.

The Resource Inventory will identify and map the current uses being made of agricultural land, and will also map the current tile drainage of farm land in the Province.

Timbrell stated the project will generate an important data base for planning and decision making on a wide range of agricultural issues.

At the present time there are three groups of two people surveying the crops which were grown this past year in Victoria and Peterborough Counties. Each field will be coded on aerial photographs. In most cases, the work will be done by a team from the road, however, where fields exist which cannot be seen from the road, they will be checking with the farm owner. When a farm call is required, your cooperation would be appreciated.

The tile drainage survey in Victoria County is being carried out by Bill Germyn, of Lindsay. Germyn will visit farms where tile has been installed and where possible he will get the acreage of tile, the date installed, and whether or not it is a systematic or random tile system. This information will assist in planning future tile drainage assistance and other programs. Anyone wishing more

information on this project should contact the Lindsay Agricultural Office.

Agricultural Events This Week:
Wednesday, 7 p.m. Victoria Sheep Producers Monthly meeting and Lamb Barbecue at the farm of John Snider, Cambray;

Thursday, 10 a.m. Victoria Plowmen's Coaching Class at Glen Sisson's; A group of agricultural students from the University of Guelph will be visiting several farms and agricultural businesses in Victoria County;

September 4 and 5, Kinmount Fair; Wednesday, September 8, 8 p.m. - Victoria Federation of Agriculture meeting, Board Room, Lindsay Agricultural Office;

Thursday, September 9, 7 p.m. - Victoria County Community Pasture Committee meeting at the Pasture Farm;

September 10-16 - A mastitis technician from the Ontario Milk Marketing Board will be working in Victoria County; September 10 and 11 - Oakwood Fall Fair.

Scott-Chapman wed in Wilberforce

The Reverend John Phillips, in a double ring ceremony, united in marriage Gail Lorraine Scott, daughter of Mr. and Mrs. Allan Scott of Wilberforce and Nicholas Chapman, son of Mr. and Mrs. Albert Chapman of Bowmanville. The service took place July 10, 1982 in St. Margaret's Anglican church, of Wilberforce. Mrs. Sylvia Cameron was the organist and Miss Virginia Rivers sang the wedding hymn.

The bride was gown in a floor length white silk polyester dress with white lace jacket and sash of royal purple satin. Her wide brimmed hat of polypropylene was decorated with white daisies. She carried a bouquet of white daisies and pink roses. She was attended by her maid of honour, Paula Gray, who wore a mauve gown and carried white daisies, purple carnations and yellow mums. The brides' sister, Cheryl Dell, was a bridesmaid dressed in lilac and carrying white daisies and mauve mums. Terry Chapman, the groom's sister-in-law was a second bridesmaid. She wore a pink gown and carried a bouquet

of white daisies and turquoise mums.

Amber Dell and Misty Chapman were two charming little flower girls who were dressed in pink with matching head bands of pink flowers and who carried lace baskets filled with white daisies and blue carnations.

The groom was accompan-

ied by his brother Mark Chapman, as best man and Chris Chapman and Douglas Scott as ushers appeared very dashing in pearl grey tuxedos.

Looking lovely in blue sheer dress was the bride's grandmother, Mrs. Margaret Ball of Toronto, while her

paternal grandmother, Mrs. Lefemme Scott of Port Perry looked very smart in a grey silk suit.

A reception held at the Lloyd Watson Memorial Centre welcomed friends and relatives from Toronto, Port Perry, Lindsay, Orono, Pickering, Newcastle and Wilberforce. Relatives of the groom arrived from England to attend the wedding.

The Memorial Centre was

tastefully decorated with flowers and streamers and the guests enjoyed a delicious meal prepared by members of the 300 Legion Ladies Auxillary.

A dance followed with lively music supplied by a friend of the groom with a variety enjoyed by young and old.

The couple left for their honeymoon and will reside in Bowmanville on their return.

Trent Severn

August 23 the stored water in Trent Severn Waterway reservoir lakes amounted to an average of 68 per cent of the normal maximum level, 3.5 per cent less than a week earlier. This was about 3 per cent greater than the 10 year average for that date and within a half per cent of the level in 1981.

Reservoir flows were reduced early this week following rains on Sunday night, August 22, which added considerably to the Kawartha levels. Rain again last Tuesday and Wednesday resulted in a definite surplus situation on the Kawarthas and a considerable increase

in flow from these lakes to control their levels. Rainfall was distributed with heavier amounts on the Kawarthas than in Haliburton as an average of the two rainstorms last week.

Reduced evaporation due to colder and wetter fall weather makes the holding of

Cont'd. page 13

Kinmount Korner

from page 11

week of Bill and Win Wilson.

A belated, but wholehearted, welcome to our town goes to Keith and Cecile Shetter of Toronto. Keith retired from Bell Canada and he and Cecile are now living at the old Crego homestead. Welcome also to Cliff and Eva Shaw who at present are living in their trailer while building their new home on the Avenue.

Vi and Albert Crego are home once again following a holiday in the West. They left July 26 and son-in-law Roger White and their granddaughter, Susan, met them at the Vancouver Airport. During their stay a few days were spent camping at the Pacific Playground and fishing the Campbell River. Roger and Albert caught a 21 pound salmon and a large ling cod. The next day the men each caught their quota of four coho each, but

Albert is proud he caught the bigger ones. Ron and Marlene along with their children, Denise and Keith Wilford, then arrived from Colorado Springs, Colorado, to visit with their relatives at the home of Roger and Shirley White. Following a very nice visit they left for home on August 18. Vi and Albert Crego left Victoria B.C. for Vancouver August 21 where they were met by Arlene and Jack Thomas who spent Sunday showing the sights of Vancouver. Vi said the roses in Victoria are gorgeous and flowers are planted everywhere. They arrived in Toronto at 4:15 p.m. and were in their home Friday night, August 27. Vi said the flight

out and back were the best they'd ever had. Vi came home with a very severe cold and we wish her a speedy recovery.

If the gentleman who left a blue and white windbreaker, with the Rockcliffe Hotel insignia on the back, sitting on the ground among the trees along Wilson East in Kinmount, calls me at 488-2399, he can claim it.

I was sorry to hear Phebe Crego was not well last week. Also a "get well soon message" goes out to Mr. J. Gammon of RR1, Kinmount who has been a patient in Haliburton Hospital. Gladys

Anderson called last Friday to report her husband Lyle is now home from hospital and is recovering well. I hope Terry Hartin is feeling better soon after his chain saw accident which required many stitches to his chest. The same good wishes apply to Archie Bowman who was also victim of a chain saw the previous week.

Gwendolyn Shaw of Lind-

say, a granddaughter of Joe and Lila Shaw, visited at their home for a few days last week.

Raymond Brooks of Keswick visited at the home of Lil and Gord Taylor in Norland, for a week recently.

We hope to hear Dennis Stata is better very soon following his recent accident. Stay healthy and happy and be here again next week.

Hillclimbing was successful

from page 1

the hill four times each.

In the 750cc category, Louis Gerencer, from Indiana, won first place trophy in his final ride of the day. His time was 7:40 seconds. He defeated Earl Bowldy, of Logan Ohio, who had a time of 7:42 seconds. The third best time was registered by Tom Rieser, of Columbus Ohio, who stopped the clock at 8:11 seconds. Greg Williams, 19 year old son of John Williams, was fourth with a time of 8:31. In his third professional hill climb, Greg Williams had difficulty making it to the top of the

Wilberforce hill until his final run of the day.

In the 500cc class, John Williams of Markham, was the top rider of the day with a time of 8:22 seconds. Larry Licht, of Iowa took second in 8:73 seconds and Ralph Kreeger, of Pennsylvania, finished third in 8:74 seconds.

Because of the short time it takes riders to climb the hill, light beams marked the starting and finishing lines to count the time in one hundredths of a second.

The day ended with John Williams climbing the hill on a six-cylinder, 300 horsepower motorcycle.

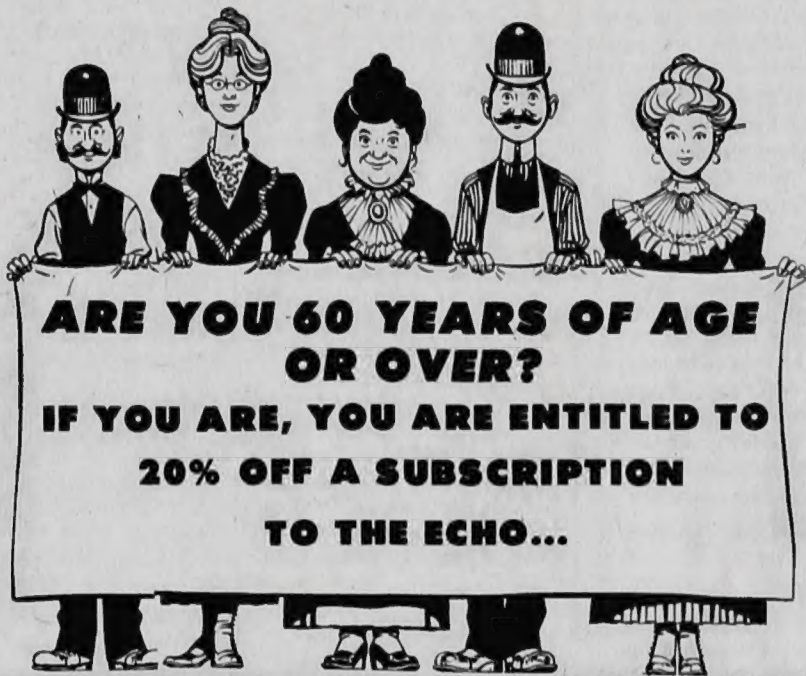

Trent Severn

WE ARE A MEMBER OF A.E. LEPAPE
COAST TO COAST REFERRAL NETWORK

SALE BY VIRTUE OF POWER OF SALE COTTAGE PROPERTY TOWNSHIP OF DUDLEY HALIBURTON COUNTY

The subject property is located approximately eight miles east of Haliburton in the Miskwabi Lake area, designated as Part Lot-15, Concession 2, Plan 482, Lot 164, Township of Dudley.

The subject property is for sale under Power of Sale by virtue of default of realty mortgages. The cottage is a 3 bedroom, split level having approximately 850 square feet with a full sun deck situated on one-half acre of land.

Arrangements to inspect the property may be made by contacting the Manager, Bank of Montreal, Haliburton. (705) 457-1240.

Written offers, addressed to The Manager, Bank of Montreal, P.O. Box 509, Haliburton, Ontario, K0M 1S0 will be accepted until September 4, 1982.

A certified cheque for 10 percent of the amount offered must be included as a deposit (payable to the Bank of Montreal) and will be retained without interest if the offer is not accepted and sale not completed by the purchaser.

The highest or any offer will not necessarily be accepted.

Acid rain continues to make international headlines

by RON REID
Federation Of Ontario Naturalists

Acid rain, the scourge of the Eighties, continues to make headlines. Parliamentary committees recommend cutting Canadian emissions by two-thirds. American politicians and media

visit Ontario to view the problem first-hand. Canadian scientists testify before a hostile hearing in Washington. Ministers talk about "acts of hostility" and cry out for action.

Meanwhile, as the rain continues, the toll of dead lakes mounts. This summer, I canoed through a string of dead lakes in the Temagami

area for the first time. So now, if a doubtful American asks me how we are defining our "dead" lakes, I tell him about my friend Florence.

Florence Lake lies deep and cold, near the head of the Lady Evelyn River. It's a three day paddle to Florence, no roads or factories penetrate its shores. Its waters sparkle in the sun; its rocky bottom is visible to depths of 10 feet or more. Our campsite is perched on an impressive outcrop of granite sloping down to the water; similar areas of bare rock are scattered around the lake.

We knew beforehand that Florence Lake was acidified, that the lake trout my partner had caught there 40 years ago were no more. But the impact didn't really sink home until the next morning. Like most canoeists, we had cleaned our pots the night before right in the lake. Normally by dawn the scraps of food would be long gone,

eaten by the assortment of fishes, crayfish, leeches, and insects that inhabit healthy lakes. But in Florence, the scraps of food remained untouched, a testament to the sterility of an acid lake.

Florence is not yet completely dead. the loons still visit in search of the few hardy fish which must remain. A moose still splashes in the shallows for his evening meal of submerged weeds. But for how long can it hang on to perhaps the last five per cent of its life? How many more of our lakes must become 95 per cent dead before we gain the political will to curtail the causes of acid rain?

Report from Parliament

from page 5
reduce unemployment as well as inflation and interest rates.

Mr. Trudeau now has first hand evidence of the unpopularity, and in some cases downright hatred, of his Government. His recent vacation was marred with incidents of heckling, fruit throwing and stoning of his railway car in Ontario and all the western provinces. Evidence is turning up in Ottawa that his Cabinet is getting the message as well. Almost daily, press conferences

The Chamber

from page 5
of a competition, second only in prestige to the World Championships, on this Saturday, September 4. This International event began on the Savage River in Maryland on August 21, then to Jonquire, Quebec last week-end and the final takes place right here. Among those competing will be 15 year old Allison Drought from Barrie who teaches the Kayak program at Camp Kandalore. Allison will also be on the Canadian team when they go into the World Championships.

Competition runs from 8 a.m. to 4 p.m. on Saturday and you can also catch a glimpse of them practicing Friday afternoon. There is no parking or entry fee so just come out and enjoy the sport on the spectacular Horseshoe Rapids. See you there!

are held by groups of Cabinet Ministers announcing programs. They announce one day that they are considering the program, another day that they are discussing the program, and another that they have reached agreement in principle and so on. The plan is obviously to get as many different Ministers as possible some publicity whether or not the announced program is really new or just re-announcements of existing programs.

I urge those of you in trouble, due to the economic conditions, not to give up. I think the government is beginning to get the message that they are responsible for this current malaise. I assure you that I will continue to try and force them into action on your behalf, both on a collective as well as on an individual basis. Let's hope the turnaround is beginning now.
